Voting Method

1. Each agenda would be considered in order as set out in the invitation letter to this Meeting. The details of each agenda would be presented and then shareholders would be granted opportunities to raise questions thereafter and the Company would announce the result of voting to the meeting after vote counting finished.
2. Each shareholder had one vote for each share. Shareholders might vote for or against or abstain from voting on any agenda based on the full number of votes they had. Shareholders could not divide their votes, except for custodians who were proxy holder of foreign shareholders.
3. Proxy holders with the votes cast by their shareholders as specified in the Proxy Form submitted to the Company prior to the commencement of the Meeting did not have to vote during the Meeting. Such votes had already been collected and counted by the Company as indicated in the Proxy Form received during registration.
4. For agenda item 4, regarding election of directors, the Company would ask the shareholders to cast the vote for directors individually.
5. In the vote-counting process for each agenda, the votes casted in disapproval or abstention would be deducted from the total votes of the shareholders in attendance during the consideration of such agenda. The remaining votes, apart from the votes in disapproval or abstention and the invalid votes, would be considered as votes of approval for such agenda.
6. To vote, shareholders or proxies who wish to vote must vote in the Inventech Connect (e-Voting) system, which allows you to choose the agenda you want to vote for. Then press the "Vote" button, and the system will display all 3 options, namely agree, disagree, and abstain.

If you want to cancel your vote, press the "Cancel lastest vote" button. You can edit your vote until the system closes the result. The Company gives you 1 minute to vote. For any shareholders or proxies who do not vote within the specified time, the Company will consider that you agree with that agenda and when the voting result for each agenda has been closed the result of that agenda will be announced to the meeting later. In the case of shareholders or proxies accepting proxies from many shareholders, the system will display the names of all proxies. Voting shall be done separately for each user account. You can click on the "Switch Account" button to access other shareholders' accounts. The previous account will still be counted as the basis for the meeting.

7. In case a participant wants to leave the meeting, you can press the button "Exit the Meeting". Your votes will not be counted as a quorum and will be removed from the vote base for all unprocessed agenda items. However, leaving the meeting during any agenda will not deprive shareholders or proxies of their rights to return to the meeting and vote on the agenda that has not yet been implemented.
8. Asking questions or expressing opinions in the meeting room

Before voting on each agenda, the Chairman of the meeting will give the meeting attendees the opportunity to ask questions or express their opinions on issues related to that agenda. You can select the agenda on which you want to ask questions or express your opinion, then press the "Question" button, which can be asked via 2 channels:

- Inquire via message: You can type your desired inquiry, then press the "Ask a question" button, whereby the Company will answer questions in the meeting room on the agenda related to that question, or
- Inquire via video and audio (VDO conference): You can press the button "Get queue ask question via video", then press "Get the queue" to confirm the queue booking. Once authorized by the staff, turn on your camera and microphone. The attendees are required to state their names and surnames

and their status as shareholders or proxies before asking questions every time so that the Company can record them in the minutes of the meeting accurately and completely.

However, the Company reserves the right to cut the picture and sound of the shareholders or proxies who ask questions, make impolite comments, defame others, or violate any laws, including by infringing on the rights of others or disturbing the meeting or causing trouble for other attendees.

9. In case there are shareholders or proxies who want to ask a lot of questions via video and audio, in order to maintain the duration of the meeting, the Company would ask the shareholders to ask questions via message. The Company reserves the right to select questions as appropriate and related to the agenda of this meeting. For other questions and suggestions that have not been answered at the meeting, the Company would record the questions and answers as part of the minutes of this meeting, which will be published on the Company's website within 14 days from the completion of the meeting.
10. In case of failure system during the meeting, shareholders will receive an email to return to the meeting through the backup system.
